Praveen Kumar

The best defense is a good offense, ethically executed.
Gurugram, Haryana, India

Summary

Principal Penetration Tester & Adversary Simulation Expert |
11 Years. I specialize in leveraging deep, hands-on offensive
expertise to identify and exploit complex vulnerabilities across
diverse technologies. My focus is entirely on security assurance and
validation, not development.

I conduct comprehensive security audits from the physical layer up:
including Hardware Hacking, RF/Wireless Security, Web/API/Mobile
Penetration Testing, and Infrastructure Security. My advanced skills
include specialized vulnerability research in AI Security and Large
Language Models (LLMs), ensuring our defenses withstand the most
cutting-edge threats. I provide the critical, adversary-focused insight
necessary for organizations to truly harden their assets
